The website offers three resources:

1. **Interactive Video:** Viewers can make lifesaving decisions to help injured amusement park patrons.
2. **Web-Based Training:** A 25-minute video tutorial explains the steps people can take to help someone with life-threatening injuries.
3. **Instructor-Led Training:** Materials for a hands-on, instructor-led course.

Learn how and when to take the five **Until Help Arrives** key actions:

- Call 9-1-1
- Protect the injured from harm
- Provide comfort
- Stop the bleeding
- Position the injured so they can breathe
